SUBJECT

BVES requests the recovery of the Base Revenue Requirement Balancing Account ("BRRBA") as of December 31, 2010, which tracks the difference between BVES adopted Base Revenue Requirements and the recorded revenue from base rates.

PURPOSE

The purpose of this Advice Letter is to recover \$ 1,649,504.82 in rates over a twelve-month period. As noted in BVES Advice Letter 246-E, which was approved on December 31, 2010 and is effective November 19, 2010, the requested amount includes adjustments related to General Office cost allocation as approved by the California Public Utilities Commission ("Commission") in Decision No. ("D.") 10-11-035.

BACKGROUND

On October 15, 2009, the Commission issued D.09-10-028 adopting Settlement Agreement between the Division of Ratepayer Advocates ("DRA") and BVES, which closed Proceeding A.08-06-034. On March 11, 2010, the Commission issued D.10-03-016 granting BVES' petition to modify D.09-10-028 to address certain procedural mechanisms and corrections. At the time D.09-10-028 was issued, a decision in GSWC's general rate case, Application No. ("A.") 08-07-010, pertaining to administrative and general office ("A&G"), pensions and benefits ("P&B") costs and new allocation factors for BVES was pending. Although a decision in A.08-07-010 was expected before January 2010, the decision was delayed until November 2010. On November 19, 2010, the Commission issued decision D.10-11-035 in the GSWC general rate case proceeding. Subsequently, Advice Letter 246-E was filed on November 29, 2010 to incorporate the newly authorized general office costs, P&B costs and allocation factors into the BVES' Base Revenue Requirement Adjustment Mechanism ("BRRAM") for 2010 - 2012. Advice Letter 246-E was approved on December 31, 2010 with the effective date of November 19, 2010.

Table 1 below replicates the revised BRRAM values presented in Advice Letter 246-E, which includes the general office costs allocated to BVES, and approved by the Commission in decisions D.09-10-028, D.10-03-016 and D.10-11-035.

Table 1 - Revised BRRAM Values

	Revenue Requirement Effective 11/2/2009	Incremental Adjustments Effective 11/19/2010	Revised Revenue Requirement
2009	\$17,023,300	\$0	\$17,023,300
2010	\$18,292,400	\$1,213,200	\$19,505,600
2011	\$18,841,200	\$1,572,000	\$20,413,200
2012	\$19,449,600	\$1,644,500	\$21,094,100

It should be noted that the Incremental Adjustments of \$1,213,200 for 2010 are only effective starting November 19, 2010 through December 31, 2010. This is reflected in the

recovery of the balancing account as shown in Attachment A. Allocation factors of 0.03333 and 0.08333 reflect the adjustments made to the Incremental Adjustments in the months of November 2010 and December 2010, respectively.

As shown in Attachment A, Column 1, the adopted revenue requirement for 2009 is \$17,023,300.00. Pursuant to the Settlement Agreement with the DRA, the authorized monthly revenue requirement is apportioned on a monthly basis as one-twelve of the annual revenue requirement. Thus the monthly revenue requirement for 2009 is \$1,418,608.33. The adopted revenue requirement for 2010 is \$18,292,400.00 or monthly revenue of \$1,524,366.67. Column 2, line 11, shows the Incremental Adjustments of \$1,213,200.00 for 2010 as approved in D. 10-11-035 and this amount is also shown in Table 1 above. Since D.10-11-035 is effective on its issuance date, which is November 19, 2010, the monthly revenue requirements based on the associated allocation factors for November and December 2010 are \$40,440.00 and \$101,100.00, respectively. Column 4 in Attachment A shows the actual monthly bills without the California Alternate Rates for Energy ("CARE") discount program for low income customers, since these are tracked separately for accounting purposes. The CARE discounts are shown in Column 5. The discounts are then adjusted back to the actual bills. Column 6 shows the BRRAM amounts, which are the difference between BVES adopted base revenue requirements (Column 3) and the recorded revenues from base rates (Column 4 plus Column 5). Ninety-day commercial paper rates are then accrued to the BRRAM amounts in Column 8. The cumulative BRRAM monthly under and (over) collections are shown in Column 9. Thus the BRRAM balancing account as of December 31, 2010 is \$1,649,504.82

As shown in Attachment B, the rates to recover the BRRAM balancing account are as follows:

One year amortization for low income customers under CARE:	0.00872 \$/KWh
One year amortization for Non-CARE customers:	0.01105 \$/KWh

Attachment C provides the BRRAM recovery impact on a typical BVES customer bill for a permanent and Non-CARE resident. The impact is approximately \$4.97 or 6.21% from a typical monthly bill of \$80.10

EXISTING RATES

The existing base rates in BVES became effective on January 1, 2011, via Advice Letter 245-E.

TIER DESIGNATION

In compliance with the Commission decisions D.09-10-028 and D.10-03-016, and Energy Industry Rule 5.1 of GO 96-B, this Advice Letter is filed as a Tier 2 advice letter.

EFFECTIVE DATE

In compliance with D.09-10-028 and D.10-03-016, BVES requests the Commission make the changes effective as of the effective date of May 5, 2011.

NOTICE AND PROTESTS

A protest is a document objecting to the granting in whole or in part of the authority sought in this advice letter.

A response is a document that does not object to the authority sought, but nevertheless presents information that the party tendering the response believes would be useful to the CPUC in acting on the request.

A protest must be mailed within 20 days of the date the CPUC accepts the advice letter for filing. The Calendar is available on the CPUC's website at www.cpuc.ca.gov.

A protest must state the facts constituting the grounds for the protest, the effect that approval of the advice letter might have on the protestant, and the reasons the protestant believes the advice letter, or a part of it, is not justified. If the protest requests an evidentiary hearing, the protest must state the facts the protestant would present at an evidentiary hearing to support its request for whole or partial denial of the advice letter. The utility must respond to a protest with five days.

All protests and responses should be sent to:

California Public Utilities Commission, Energy Division
