Bear Valley Electric Service, Inc.

Response provided by: Paul Marconi
Title: President, Treasurer & Secretary
Data Request Number: CalAdvocates-BVES-NonCase-AAR-08272021
Date Received: August 27, 2021
Date Due: September 13, 2021
Date Provided: September 13, 2021

From Aaron Louie (Public Advocates Office) email to BVES dated August 27, 2021 on BVES Advice Letter 424-E. Please respond by September 13, 2021: The following questions relate to Advice Letter No. 424-E that was filed as a part of BVES’s Q2 2021 Quarterly Wildfire Mitigation Plan (WMP) Safety Report Update.

1. Fill in the table below with the number of tree attachments that were remediated by year and HFTD Tier. For 2021, provide the forecasted number of tree attachments remediation that your company expects to perform.

Year	Non-HFTD	Zone 1 HFTD	Tier 2 HFTD	Tier 3 HFTD
2018				
2019				
2020				
2021				

Response:

Year	Non-HFTD	Zone 1 HFTD	Tier 2 HFTD	Tier 3 HFTD
2018	None	None	230	None
2019	None	None	43	None
2020	None	None	214	None
2021	None	None	4	None

BVES’s service territory is all in the HFTD Tier 2 (about 90%) and Tier 3 (about 10%). There are no tree attachments in the HFTD Tier 3. BVES’s target for 2021 is removal of 85 tree attachments – to be accomplished mostly in October and November 2021.

2. How many tree attachments does your company currently have in:

- 1. Your company's total service territory?**
- 2. Zone 1 High Fire Threat Districts?**
- 3. Tier 2 High Fire Threat Districts?**
- 4. Tier 3 High Fire Threat Districts?**

Response:

1. Your company's total service territory?

Approximately 716 tree attachments remain in the BVES service territory.

2. Zone 1 High Fire Threat Districts?

None.

3. Tier 2 High Fire Threat Districts?

Approximately 716 tree attachments remain in the BVES service territory.

4. Tier 3 High Fire Threat Districts?

None.

3. Does your company plan to remediate all of its tree attachments in High Fire Threat Districts? If so, when does your company anticipate completing all tree attachment remediations in all the High Fire Threat Districts?

Response:

BVES intends to remove all tree attachments from the distribution system at a rate of approximately 100 per year.
